H

What does the client SAY	What does the client THINK
write monthly blog, story, host youth forum, adult forum,	gateway drug to sustainability, want to get local news and events, want to highlight volunteers, graphics on website
What does the client DO	**What does the client FEEL**
Smash Lab, Repair Cafe, Pollinator – newsletter – highlight events. Envirocollective – website	Not advise ~~ag~~ anyone to do anything, but praise good work. wanna change pollinator, online booking, wants to send a message after booking that explains customers ~~to~~ what to bring to repair cafe, wants donation tab.

~~Affinity~~

What does the client SAY
Been spending time around
Good website: calgaryclimatehub.ca
Indigenous climate action.com
What does the client THINK
Lead by example, don't focus on what u want ppl to do but show others doing it
Problem: Booking an appointment/help for repair cafe is horrible
What User is this? (2) Repair Cafe
environmental factors
The pollinator blog
What does the client DO
They highlight things related to the environment & sustainability
Want: Be able to help people when they miss the monthly meetings (repair cafe)
Boring all the dotf climate groups a hub
Wants to encourage upcycle/recycle, Repairs
Inventory tracking
Pain feelings
What does the client FEEL
Main Wants
Booking for general and specific (wordpress integrated booking system)
A searchable database for articles
a software that doodle books the helpers
b suggestions for people booking (do's & don'ts)
Donate button always showing
Gain feelings
Access to airtable for people to add data and the data can be searchable. Basically a searchable database

What does the client SAY

Starte smash lab for kids.

Website is simple and made by Valentiers.

What does the client THINK

Everything was dumbed at one place and that needs changing.

Visuals are more important.

needs more graphics.

What User is this?

Rob.

What does the client DO

Work for environmental sustenability.

stated a lab to fix Peopels things for free with Volenteers.

What does the client FEEL

Need a booking Page of their own; not thired Party.

Biggest consorn is online booking.

H

What does the client SAY

They want a searchable database
They want to give info on what the company can do and not.
They value visuals on a website
More graphics.
They want retrievable data

What does the client THINK

They think their current site is heavy text-based.
They think a donation page will be an improvement.
They also highlight online booking page getting improved will be great

What User is this?

_____
